## DEMOLITION QUICK UPDATE

For the recycling market last week was once again a trial period. China restrictions played a significant role to the market status with even “as is” deliveries being questioned. In Bangladesh although vessel prices have been plunged, very few offers were put on the table, resulting to a zero market fixtures. India on the other hand, secured four fairly priced units, giving her the top place of the market. Pakistan remains undistracted to the “out of picture” position against competition with a few small vessel fixtures.
